TESTIMONIES

“It is refreshing to have a leader with such a balanced approach. You understand how the enemy works but are not looking for demons behind every tree. A balanced, Biblical, real world approach....”

“Having the material in the workbook laid out in such an organized way makes it easy to review and apply. I think the Scripture references and bibliography are great. The practicum with each lesson are wonderful! Bobby’s energy, passion and compassion make the time inspiring and Spirit-filled!”

“Bobby demonstrated frankness and honesty, a sense of humor and humility. She allowed the Holy Spirit to drive the parameters of the training. The Holy Spirit, Jesus and God were all with us and touched me personally with healing, love and wisdom.”

WHAT WILL I LEARN?

The Healing School is a 4 1/2 day event which combines cognitive, spiritual, and experiential components in order for all participants to learn about healing and experience the Healing Christ themselves.

The Healing School focuses primarily on inner healing. Sometimes called “healing of emotions,” or “healing of memories,” inner healing is a unique ministry which only Christ can do. The human facilitator is just that – the one who helps the person receiving prayer come into the presence of Christ for His divine touch.

Inner healing involves one’s submission to the work of the Holy Spirit. The Holy Spirit guides a person into a wounded emotion and healing occurs as one encounters Christ in the midst of their pain.

While it is Christ who heals our emotions, not the facilitator, still there are paradigms of inner healing to learn. Facilitators need to discover appropriate tools for their tool belt and learn how to use them so they can work effectively with those seeking healing.

Rev. Dr. Bobby Cabot serves as a Pastor in the United Methodist Church.

She ministers healing to the whole person: body, mind and spirit.

God called Dr. Cabot to the healing ministry over twenty years

ago. She has conscientiously

studied under the prominent healing theologians of our time, many of whom recommend her on this brochure.

Dr. Cabot believes in the healing power of the risen Christ as revealed through the Holy Scriptures, church tradition, and her own experience of witnessing countless miracles explainable only by God’s divine love and grace.

Because the healing and deliverance ministry has often been unbalanced, Dr. Cabot strives for a loving, low-key approach that nurtures and edifies.
