

WHY DOCTOR OF MINISTRY?

A Doctor of Ministry is an applied doctoral degree for women and men leading all forms of ministry and sensing the need to broaden their knowledge and capacities. It is for Christian leaders who notice a gap between who they are and who they need to become in order to serve faithfully in the complex challenges of the 21st century.

ADMISSIONS REQUIREMENTS:

Master of Divinity Degree or equivalent, 3 years full-time ministry experience, and a completed application.

To get started, go to asbury.to/dmin

PROGRAM DESIGNED WITH YOU IN MIND:

Flexible design. Limited residency requirements. Cohort-based. Affordable. Engaged faculty.

"I need to be re-tooled; this isn't a matter of me just gaining a degree. You kind of get to a point that you don't know quite as much as you thought you did. I need to get back to some basic stuff and learn new things, too."
