

LIFE OF DISCIPLESHIP

Community

Community and discipleship doesn't have anything to do with whether you're introverted or extroverted. Community speaks to how we're formed into the image of Christ. We are formed in relationship with a relational Father, Son and Holy Spirit, and with other human beings. While God uses individual leaders, he calls people to himself and raises up people for the nations. The Fruit of the Spirit invites us to grow in our relationship with God with others by our side.

QUESTIONS

1. How has community helped you grow in Christ?
2. How does our human community reflect the character of the trinity?
